

# Chesca's

## Chesca's Rules for Food & Wine Pairing

**Rule #1:** Forget the "Rules." **Rule #2:** Drink what you like...Eat what you like...Wine should be fun.  
Having stated the above rules, however, there certainly are wines on our list which particularly enhance specific dishes and vice versa, so please feel free to ask your server for suggestions.

**Nightly Wine Specials:** Aside from our listed by-the-glass wines, we select wines from our list nightly as additional by-the-glass offerings. Occasionally we also offer new wines not included on the printed wine list.
